Year End Newsletter

The 2010 – 2011 Scouting Year has come to its end. This year we conducted 11 outings, and three food drives.

We set a small goal of collecting 100 pound of food for our food drive. We are very pleased with the response – we exceeded our goal by over 100%. Your support helps Beavers learn to care for their community.

Through taking part in outings Beavers learn about things they normally would not have the opportunity. More important of all, they learn to live with their peers without parental supervision. This helps them gain confidence and better prepare them to meet their challenges as they grow up.

We feel that we should congratulate our Beavers, some of them went on their first sleepover, for behaving very well in the Winter Sleepover.

To encourage their participation and development of good behaviours, we have implemented a Recognition Scheme with five awards.
